

Dear Skamania County Resident,

08 March 2010

We need your help! Our county has grown and changed in recent years, and more choices have become available to consumers. Due to this, many residents include more natural or organic items in their diets. With recent fluctuations in fuel costs and concerns with carbon footprints, it is important now, more than ever, that products are available to residents locally. Many of us travel great distances weekly, or order monthly from on-line sources, to obtain fresh grocery items or organic/natural products. A&J Select Market that serves the Stevenson area has limited space, but is interested in adapting our changing needs.

If you would please fill out the questionnaire below and return it, your anonymous answers will be consolidated and provided to the management team at A&J Select Market. The ultimate goal of this survey is to provide a local option for organic and natural foods and products.

We ask now for your assistance in helping A&J Select Market be even more proactive and supportive to our community! Please fill out the questionnaire below and drop in the box at the front of A&J Select Market or mail to Paula Battistoni at P.O. Box 1122, Stevenson WA, 98648. We ask for your input by 01 April 2010. Feel free to call with questions at 541-400-0903.

Thanking you in advance for your time and attention!

Paula Battistoni

Note: This is a public service of a local business, with A&J Select Market cooperation for the benefit of Skamania County residents and visitors.

Questions:

1. How many times per month are you traveling 30+ miles to obtain groceries?
2. Please identify the top 5-10 organic/natural food items you routinely purchase or would like to see offered and the estimated price that you pay for those items below

Item	Brand(s)	Estimated Price (\$)
